40 CFR § 257.73(a)(3)(E) requires an Annual face-to-face meeting between Basin Electric Power Cooperative Laramie River Station representatives and Platte County emergency responders. Due to the COVID-19 pandemic, however, no in-person meeting was held during 2020. A video was prepared by Basin Electric Power Cooperative and provided to the Platte County Emergency Management Coordinator. The purpose of the video was to review the Emergency Action Plan (EAP) for Coal Combustion Residual (CCR) units at Laramie River Station.

Platte County Emergency Management posted a link to the EAP video on their organizational website:
